Erasmus+

SIXTH LTTA MOBILITY

*The last mobility of the project was held in Porto/Portugal.
We met in Porto/Portugal between 29 May and 2 June 2023 for the final meeting.*

All the partner schools participated in the mobility with their students.

Agrupamento de Escolas Alexandre Herculano - Porto

SIXTH LTTA MOBILITY

The agenda of the meeting:

28 May Sunday:

Partner schools arrived in Porto and settled in the hotel.

29 May Monday:

Partners met at the host school for the welcoming ceremony in the morning.

After some ice-breaker activities held by the Portuguese students there was a brunch break where partners enjoyed some typical Portuguese snacks.

In the afternoon, partners went to Porto downtown and visited some famous attractions of the city. The final activity of the day was the visit to the Clerigos Church where they had a wonderful multimedia show.

30 May Tuesday:

After breakfast partners left for a trip to Arcos de Valdevez/Sistelo. After lunch there was a trip to Alagoa de Cima Eolic Park where partners were able to visit a wind turbin power plant.

31 May Wednesday:

Partners met at school and had a workshop on "Time Capsule", students wrote letters in international mixed groups. Then these letters were buried at school yard with some objects linked to the partner school or country and endemic seeds. In the afternoon partners attended a lecture on "Renewable Energies".

01 June Thursday:

Partners met at school after breakfast and students worked in mixed teams to prepare for the debates on "Coal: Yes or No and Nuclear energy: Yes or No". After lunch the group visited some emblematic places in Porto and had a boat trip on the river Douro.

02 June Friday:

Partners met at school and watched the video film from Italy. Then there was a teachers' meeting followed by the ceremony of certification. After the "Learn from the past to build a greener future" cake partners went on a trip to Guimares which is the cradle of the country.

03 June Saturday:

Partners departed from Porto for their countries.
