

Rhythms of existence

Life, a vibrant dance

Moments are woven, heartbeats pulse

Embrace each moment

Life

Cycles of the moon,

Life waxes and wanes in time,

Seek, find and renew.

Love makes me happy
I am happy to share it
Can you share it back

It is a story
Why is it complicated
Try make it easy

It is beautiful
Need to experience it
It is hard to find

Memon Lana, 1. b EG

Life is meaningless,
Until you find that one person,
They make it better.

They make it all worth,
You feel a wave of pure joy,
But only with them.

Life is meaningless,
Did I say that already?
Well I changed my mind.
